6:14 Call to order

6:15 Public Comments

Eddy Arias- Spanish teacher at Travis, My comments are regarding the IPAs, it's taking a lot of time away from teaching. Conference periods are used to create reports between parents and students, but because the Integrated Performance Assessments (IPAs) take so much planning time I can't. I already do Student Learning Objectives (SLO) and those kinds of activities. At my school, we don't have teacher assistants (TAs) and I already work a lot to support all my students. The IPAs should be made optional and not mandated.

Kevin Guillian- signed up to speak, but not present

Yvette Cárdenas: Debido a limitaciones de tiempo en esta reunión, revisaremos este proceso de revisión durante el próximo MEAC y brindaremos un tiempo de trabajo más largo.
