

# Human Sexuality and Responsibility

## Permission Letter

### High School Health

Parent or Guardian,

In keeping with Austin ISD Board Policy EHAA, the Human Sexuality and Responsibility (HSR) curriculum will be taught this fall during your child's health class. The 9 lessons cover developmentally and appropriate information related to dating and romantic relationships, trafficking and online safety, reproductive anatomy and pregnancy, parenting and paternity, boundaries and abstinence, sexual health and staying safe, and consent and refusal skills. This curriculum has been established to provide information and skill development for students so that they may reach their highest potential for physical, emotional, mental and social health.

If you haven't done so already, we invite you to preview the curriculum online at <https://www.austinisd.org/pe-health/health-education/hsr> (under the K-HS Lessons button). As the primary educator in your child's life, AISD believes that you are the most important source of information regarding human sexuality. The HSR curriculum is intended to support what students are learning at home, respecting your individual family values and teaching students to respect the family values of others that may differ from their own.

You have the right to decide if your child participates in these lessons. If you choose for your child to not participate in one or more of these lessons, there will be alternative lessons, focused on social and emotional learning skills, provided in a different location.

All information regarding the HSR policy, grade level lesson overviews, family resources, and more can be found on the HSR website: <https://www.austinisd.org/pe-health/health-education/hsr>. If you have any questions or concerns, please contact your child's teacher or campus principal.

Please select one of the options below, sign and date, and return this form to your child's teacher.

NOTE: If this form is not returned, your child will not be able to participate in any of the lessons.
